Pluggerz earplugs

For over ten years, Pluggerz earplugs has helped people to enjoy sound while protecting their hearing. Pluggerz earplugs continuously searches for ways to improve and renew her products. Customer satisfaction and responsibility play a large role in development. We proudly present the new Pluggerz earplugs. The same high quality earplugs, now in two sizes and a new, fully recyclable package.

From September 1st we distribute the new packaging to our customers all over the world and from October 1st the products will be available for consumers.

Pluggerz earplugs Road

Touring on your motorcycle. Maybe you don't think about it, but the sound of your motorcycle and wind noise can cause permanent damage to your hearing. To protect your ears from damage, Pluggerz earplugs Road were developed. These universal hearing protectors come in two sizes, so you always have the right fit. This way you control the sound and enjoy the ride!

Product qualities

- Reusable over 100 times
- Two sizes earplugs S/M & M/L (2 sizes fit all)
- With handy storage case
- Unique filter
- Made from durable hypoallergenic silicone material

- Two sets of earplugs
- Fully recyclable packaging with small CO2 footprint
- Three layers for optimal wearing comfort
- Easy to clean

Packaging

The new, fresh packaging makes the product range of Pluggerz earplugs more clear and internationally recognisable. Thanks to the unity in the design, the recognisable icons, a clear description in five languages and visuals per type it is immediately clear what Pluggerz earplugs stands for. Each earplug type has a fresh, unique colour coming back in the packaging.

pluggerz
earplugs

To better serve the users of Pluggerz earplugs worldwide, every package comes with two sets of earplugs in the sizes S/M and M/L. This way we take into account that no two ear canals are the same and that there is no size that fits all. With the new packaging we offer a suitable size for our users, thus offering a better user experience.

Sustainable packaging

Durability is important to Pluggerz earplugs. Consumers are making more and more durable choices when buying a product. Therefore, the new Pluggerz earplugs are efficiently packaged and protected, while keeping the entire package recyclable. The exterior is made from recyclable cardboard and the interior from biobased paperfoam with an extremely low CO2 footprint.
